All - I am setting up a series of calls between R7 and MDNR to gather more details on all of the potential environmental issues at WLL. (Mark Hague and Sarah Pauley have asked that their staffs put together a comprehensive list environmental issues at West Lake Landfill and Bridgeton Landfill.)

This will be a brainstorming call regarding CWA compliance issues. Below are some ideas to get started.

CWA Issues

***Effluent violations**

***Need for inspection?**

***Potential WL Stormwater Issues / Need for Permitting**
